RE: Revised Draft Risk Assessment Framework

Dear Mr. Erickson:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the May 2008 revised draft Risk Assessment Framework document.

The document has adequately addressed U.S. EPA's previous comments and has been revised consistent with the March 13, 2008 meeting and April 25, 2008, letter from the Kalamazoo River Study Group to U.S. EPA. Therefore, U.S. EPA approves the Risk Assessment Framework document.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
SFD Remedial Response Branch #1
